

The Keystone 360° fan comes with a unique design to improve air movement throughout your home. With intelligent ECO function, you can adjust the wind speed by room temperature. The unit is equipped with automatic 360 degree horizontal oscillation and 90 degree vertical oscillation. With the option of 60, 90, 180, or 360 degree horizontal oscillation angle, the fan allows you to adjust the unit to suite your comfort needs. The fan also features a touch control panel, LED display, three wind speeds, and four wind modes. Change the function of the fan with ease from anywhere in the room with the included remote control.

360° Indoor Fan

MODEL	KSTF9720001-WHT
PERFORMANCE	
Color	White
Cooling Range (Sq. Ft.)	~260
Air Flow (CFM):	70.6
Noise Rating (dBA):	55
Remote Control	Yes
Environment Usage	Indoor
ELECTRICAL RATINGS	
Voltage (V) / Frequency (Hz)	120 V / 60 Hz
Cooling Amps	.46 A
Cooling Watts	65 W
FEATURES	
Control Type	Electronic
Filter Clean Indicator	No
Sleep Mode	Yes
Number of Cooling Speeds	3
Power Saver Mode	No
Programmable Timer	Yes
Multiple Air Direction Control	Yes
Auto Air Swing Mode	Yes
DIMENSIONS / WEIGHT	
Product Dimensions (in.)	15.86×13.58×36.6
Product Weight (lb.)	14.99
Warranty	1 Year Limited
UPC Code	192487071670

The Keystone line of evaporative air coolers offers an effective, low-cost cooling option in sizes to fit everyone's cooling needs. In areas with dry heat, such as the southwest region of the United States, the Keystone evaporative air cooler line can be great supplement to your cooling system. The low power consumption will save you a noteworthy amount on your energy bill in comparison to the cost of running a standard air conditioner. The evaporative air cooler line comes in units suitable for indoor or outdoor use. For use indoors, the space requires sufficient cross ventilation to function properly. With a number of fan speeds, the units evenly distribute cool air after it is sifted through the filter, providing a fresh, clean breeze throughout your space. Equipped with castor wheels, your evaporative air cooler can be easily transported to any room your guests choose to gather. For those living in more humid climates, consider Keystone's portable, through the wall, or window air conditioners.
